

General Contracting · Design-Build · Federal Construction

NuPrana Construction delivers general contracting, design-build, renovations, and specialty-trade construction for federal, institutional, commercial, and residential projects. We bring disciplined scheduling, field coordination, safety, and cost control to every stage of the work.

Capabilities

General Contracting

New construction, renovations, and work in occupied facilities, supported by coordinated scheduling and on-site project leadership.

Building Envelope

Roofing, thermal and moisture protection, doors, and windows coordinated as part of the complete project scope.

Civil & Structural

Site preparation, concrete, masonry, and structural metal work for projects with demanding construction requirements.

Interior & MEP Coordination

Framing, drywall, finishes, and coordination of plumbing and HVAC work across multiple trades.

Why NuPrana

- Owner-led project delivery and direct access to company leadership.
- Experience coordinating multiple trades on construction and renovation projects.
- A design-build approach focused on constructability, schedule discipline, and risk reduction.
- A zero lost-time accident history reported in the company's current capability statement.
- Single-project bonding capacity of \$6,000,000.

Federal Teaming & Strategic Partnerships

NuPrana works with larger contractors seeking small-business eligibility, local construction execution, and hands-on project leadership. Priority teaming areas include federal facility construction, rapid renovation and repair, civil and site work, concrete and masonry, building envelope work, and multi-trade task orders.

From initial planning through closeout, NuPrana combines responsive mobilization with accountable, multi-trade project delivery.

Selected Project Experience

Hiram H. Ward Federal Building & U.S. Courthouse

Upfit of two cold-shell office spaces for the Department of Veterans Affairs Regional Office.

Bank of America Stadium / Panthers Scoreboard

Concrete platform work supporting the scoreboard structure.

Charlotte-Mecklenburg Schools

Site development, foundations, and stairs supporting fieldhouse, locker-room, restroom, seating, and athletic-field improvements.

Child Care Network

Code-violation remediation and corrective construction.

Anthony Givens Landscaping — Huntersville, NC

Erection of a 70 × 34 steel building with coordination of mechanical, plumbing, and electrical scopes.

Residential & Renovation Portfolio — North Carolina and South Carolina

Ground-up residential construction, additions, and substantial basement and interior build-outs.
